

# Woodland Ponds Workshop

Ponds can enhance the scenic, recreation, wildlife and fire protection values on a woodland property. This workshop will cover the practical aspects of starting a successful ponds project on your property. Topics covered include:

- The permitting process
- Feasibility of a pond on your property
- Contracts
- Locating your pond
- Design features
- Construction
- Maintenance concerns
- Fish and wildlife
- Assistance programs

All attendees will receive a copy of the new OSU Extension book, “Woodland Ponds: A Field Guide,” as well as, “Managing Woodland Roads: A Field Guide”

**When:** Monday, October 19<sup>th</sup>, 2015; 9am – 12pm

**Where:** Miller Woods, 15580 NW Orchard View Rd, McMinnville, OR 97128

**Instructor:** Steve Bowers, OSU Forestry & Natural Resources Extension Timber Harvesting Specialist (and author of the Woodland Ponds book)

**Cost:** \$10 covers the cost of the Woodland Ponds book. Please bring cash or check payable to OSU Extension Service to the course.

**Register** [online here](#) or to Brandy Saffell, 503-397-3462, [brandy.saffell@oregonstate.edu](mailto:brandy.saffell@oregonstate.edu)
